

PANS/PLATTERS/SLANT RISERS

FIBERGLASS PANS & PLATTERS

Display trays for meat, fish and poultry departments. We feature an attractive and economical alternative to display pans and platters used in the past. Made of high strength fiberglass, with a solid ring of aluminum rod molded into each rim for added strength and rigidity. "Dri-Stak" separators are molded into underside of the rim to allow air to circulate when trays are stacked for drying. Will not stick together when stacked.

- Tough, durable - will not dent
- Easier to clean
- Will not oxidize
- No Sharp edges
- U.S.D.A. approved
- NSF Listed

CAMBRO

Shown with parsley strips and plastic holders. Each sold separately.

PLATTERS - 3/4" DEEP

| Dimensions | Black | White | Salmon |
|---------------|--------------|--------------|--------------|
